

Every picture tells a story. What's yours?

# THE PEOPLE'S PICTURE HARLOW AND GILSTON GARDEN TOWN

The People's Picture is a photography and design studio from British artist Helen Marshall. Every artwork is made up of thousands of photos yet every single one tells a story.

We are proud to be part of a new public arts commission, working with partner Well North Enterprises, to engage with the communities of Harlow and Gilston to help realise their "healthy town" vision.

As an artist-led studio practice, The People's Picture creates innovative photo mosaic artworks and installations at the leading edge of design and technology. Pictures are powerful. People connect with pictures. People share their memories, dreams and celebrate through pictures.

We're expert in visual storytelling, digital photo mosaics and bringing communities together to create, celebrate and own their own unique legacy.

## EVERY PICTURE TELLS A STORY

People make a town what it is. It's people who make Harlow and Gilston great places to live. Tell us your story! Visit our website to take part: [www.thepeoplespicture.com/HGGT](http://www.thepeoplespicture.com/HGGT)

## TAKE PART

Please share with us your contribution, however modest, to making Harlow and Gilston 'healthy places' to live in.

- Did you grow up locally?
- Are you a local volunteer?
- Share a small act of kindness, received or given.
- Are you building a business?
- What are your hopes and dreams for your 'healthy town'?
- Whatever it is, tell us your story!
- Please visit our website to upload your photo, video or story.
